

# Record of death of Shakespeare

[shakespearecandle.com](http://shakespearecandle.com)

---

25th April 1616 the burial of "Will Shakspeare gent" was recorded in the Stratford parish register  
(Shakespeare Birthplace Trust Records Office, DR 243/1.)

The exact date of Shakespeare's death is generally believed to be 23rd April 1616, but it is not known for certain as only a record of his burial two days later has survived.
